I can solve story problems within ten with manipulatives.

Science and Social Studies

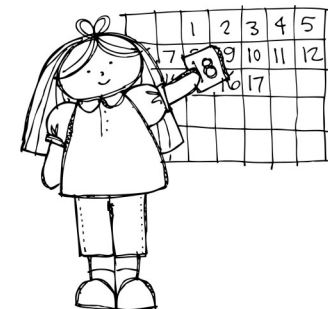

Many of the Science and Social Studies standards are taught during reading time and other Language Arts activities.

Reading at Home

The most important activity you can do to help your child be successful in school is to read with him/her every day.

Here are some tips to make the most of your reading time:

- Make reading a regular time during the day like after dinner or before bed.
- Have your child pick the books you read together.
- Allow your child to hold the book and turn the pages as you read.
- Ask questions about the story before, during and after reading.
- Have your child retell the story to you.
- Have FUN learning with your child!

Lifeskills:

The Kindergarten teachers of The MACC (Montague Area Childhood Center) welcome you to an exciting school year! We look forward to working with you and your child to make this year a positive educational experience.

We plan to provide a safe, secure and nurturing environment where your child feels free to take risks as he/she explores and grows academically. With your help and by working together, we are confident that your child will enjoy a successful year. Please remember that communication between parents and teachers is crucial. Feel free to contact us with any questions or concerns throughout the year.

Sincerely,
The Kindergarten Teachers
